

**COAST COMMUNITY COLLEGE DISTRICT
GOVERNING BOARD MEMBER
TRUSTEE AREA 4**

ALICE SALTZMAN, Ph.D.

OCCUPATION: Businesswoman and Educator

When you elect me to the Board of Orange Coast, Golden West and Coastline colleges, I pledge that student's education will be my top priority. As a businessperson, I have the experience of maintaining sound fiscal policies and will do so for Coast.

Coast Community College District is known for its academic excellence. I will uphold its mission: to provide quality lower-division and occupational education. We live in a global economy and global environment, so I believe we need to support Orange County international businesses by expanding programs that highlight technology, cultural understanding, and international studies.

An experienced estate trustee, I will be a vigilant Trustee who sees that bids are acknowledged, researched, and contracts honored. I will work with Board colleagues to ensure the appointed Community Oversight Committee for Measure C projects receives needed information.

My realistic goals for the next four years:

To ensure quality planning for our educational mission

To support outstanding faculty and staff

To work with state, business, and community leaders on programs that our local economy needs.

By voting for me, you will help put vigor into Board decisions that lead to quality education.

Thank you

Alice Saltzman
